TECO catalogue group — Up to IE3

Canonical: https://electricmotors.teco.com.au/energy-efficiency/up-to-ie3

Details:

Browse the families in our catalogue's "Up to IE3" group. This group includes motors, drives, starters and controls. Its label is a catalogue grouping, not an efficiency rating for every listed item. Use the exact motor's specification to confirm its efficiency class.

IEC Contactors	Read product guide
Direct On line (DOL) Starters – HFUB	Read product guide
TECO MAXe3 MINING Premium Efficiency	Read product guide
TECO MAXe3 Premium Severe Duty	Open official TECO product page

Choose the right variant

Confirm the efficiency class and efficiency value for the specific motor rating, pole count and test conditions. A family listed under “Up to IE3” is not a statement that every variant is IE3.

This page lists families associated with the selected catalogue filter. Use the individual model’s datasheet, drawing and manual to confirm its suitability.

Talk to our team
