## Product families

| Family | Guide |
| --- | --- |
| Advanced Current Vector Control A510s | Open official TECO product page |
| Next Gen Compact Current Vector Control E710 | Open official TECO product page |
| General Current Vector Control E510s | Open official TECO product page |

## Choose the right variant

Tell us about the driven equipment, load, starting requirements and site conditions. We can help identify a suitable variant within these families; the application listing is a starting point for selection.

This page lists families associated with the selected catalogue filter. Use the individual model’s datasheet, drawing and manual to confirm its suitability.

## Talk to our team

Share your model code, application and operating requirements. Contact our Australia and New Zealand team for selection support.
